

CynKara Business Solutions

"outta the box business professionals"

CynKara Business Solutions 5S Workshop

Does your day feel a little like this? **Scattered, confusing?**

Does your plant floor or office?

Purpose of this Workshop

Our on-site multi-day 5S workshop will show you how to tame your day. Learning through videos, inter-active games and practical examples the workshop culminates in a small kaizen blitz to kick start your process improvement journey.

What is 5S?

5S optimizes productivity by maintaining an orderly work space. It uses Sort, Set in order, Shine, Standardize and Sustain as a regular daily routine. Used as part of a continual process improvement effort, 5S is a tool to remove waste and standardize work habits.

Call us today to book your workshop at 1-855-296-5272
