### CynKara Business Solutions Bookkeeping for Entrepreneurs Workshop

#### Purpose of this Workshop

The purpose of this workshop is to introduce you to bookkeeping. It will describe bookkeeping, why it is necessary, the benefits of a good bookkeeping system and what questions it answers. You will learn that bookkeeping is a core function of every business and that it provides the basis for all financial reporting and thus financial decisions.

Through realistic examples, you will learn a simple bookkeeping system and how to maintain a bookkeeping ledger.

#### What is Bookkeeping?

Simply, bookkeeping is a systematic process for recording, summarizing and retrieving financial transactions of a business. Bookkeeping is a necessary part of EVERY business.

Let us help you understand bookkeeping and develop good practices.
